

Perth sewing classes and sewing workshop for beginners

Start your sewing success journey here!

Sewing Course | Sewing Workshop | Social Sewing

Have you always wanted to learn how to sew, but don't know what sewing machine to get?

Would love to learn to sew and build confidence from the 1st lesson, even without buying a sewing machine?

Would you like super duper patient and enthusiastic teachers to share their heart, passion and knowledge of sewing with you?

If you answered "YES" to any of the above questions than we have a good news – Studio Thimble is just what you have been looking for.

We have a huge range of classes for beginners, to take you from your exciting first stitch to understanding patterns and beyond.

what others have to say about our sewing classes Perth

The classes conducted were well organized. I attended the beginners course (with no sewing knowledge and experience) and my teacher was Daniela. She is approachable and willing to share her knowledge. Studio Thimbles is a great place to take the first step towards sewing, a life skill that is also very rewarding. 😊

SI XIAN

completed the level 1 and level 2 sewing courses and have not stopped recommending Olga and Studio Thimbles to my friends and family. I've been taught by both Daniela and Olga, and they create a fun, welcoming learning environment. From not knowing how to thread a needle to making my own clothing – my sewing skills have grown remarkably.

Thank you!!

GEORGIA CAR

Being a beginner and never using a sewing machine, I felt really nervous coming to the class. Olga makes the lessons super easy to follow and I had confidence from my first lesson. Olga answers any questions you have, she's patient, fun and overall the classes are so much fun to go too. I look forward to ever Wednesday knowing I have a fun sewing class to go too.

Social sewing classes Perth

Our social sewing club is for you if you are hungry for more dedicated sewing time. If you want to sew more in a relaxed friendly atmosphere at Studio Thimbles. Bring your project with your own patterns, or check what we have for you to use at our patterns library.

Our friendly teacher will be sewing alongside you. It is not a teaching class, however if you are feeling stuck and need small assistance, you can always find help by just asking fellow sewists around you 😊 It is great to sew, but it is even better if you have a great company to sew with and share all the joy of sewing!

WEDNESDAY: 10AM – 1PM

THURSDAY & FRIDAY: 10AM – 1PM

THURSDAY & FRIDAY: 10AM – 1PM

SATURDAY: 2PM – 5PM

what other have to say about our sewing classes perth

Thank you so much Olga for the wonderful 1:1 session with my 9 year old son Lee. He has honestly been so proud of himself having made his own pillow case & absolutely loved the whole process. You were patient, kind, and shared your passion for sewing perfectly! Needless to say my son has put his new pillow case to immediate use and is telling everyone about how he made it himself! Thank you again

X

KATE PALLETT

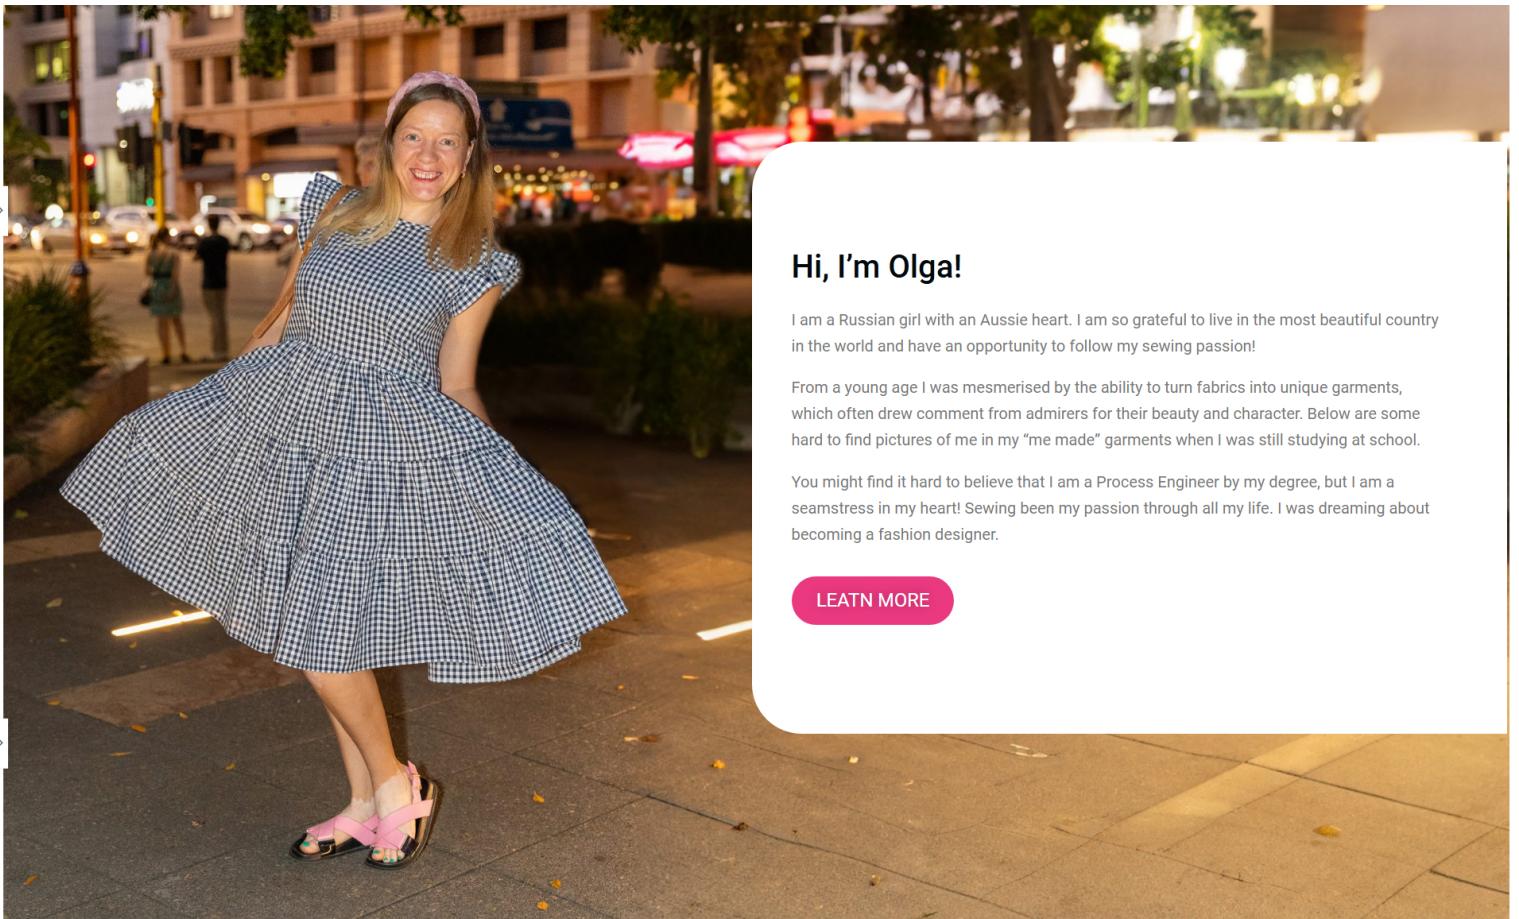

My daughter had the most wonderful day learning to sew with Olga! She said they were having so much fun the day flew by and they didn't want to stop for lunch, just keep sewing! Olga's patience and enthusiasm inspired her so much she is now sewing at home and her new skills and confidence means she is successfully making things on her own. Thank you, we will definitely be back!

KATE PALLETT

Loved, loved my experience at Studio Thimbles, Beginners Sewing Course Level one. Being very much a novice, Olga gave me the confidence to use a sewing machine without "kangarooping" too much!! And Olga's practical advice with buying a sewing machine gave me the confidence to buy my own which in itself can be very overwhelming. Olga's hacks and tips just made learning to sew simple and easy and being in a small group gave Olga more time to help with the frequent questions! Thanks Olga!

KATE PALLETT

Hi, I'm Olga!

I am a Russian girl with an Aussie heart. I am so grateful to live in the most beautiful country in the world and have an opportunity to follow my sewing passion!

From a young age I was mesmerised by the ability to turn fabrics into unique garments, which often drew comment from admirers for their beauty and character. Below are some hard to find pictures of me in my "me made" garments when I was still studying at school.

You might find it hard to believe that I am a Process Engineer by my degree, but I am a seamstress in my heart! Sewing been my passion through all my life. I was dreaming about becoming a fashion designer.
